

EVERYBUNNY TALKS AAC

Everyday Core Words

Visual Communication Pack 34 | 12 printable cards

How to use these cards

- Print at Actual Size or Fit to Page. Cardstock is optional.
- Cut along the dotted borders. Laminate or add hook-and-loop dots if helpful.
- Begin with a few useful cards, model their meaning, and keep them easy to reach.
- Honor communication whenever safely possible and use the cards alongside speech, signs, or a communication device as appropriate.

Small words, many messages

Each picture shows one example, not every meaning. Use these words with familiar people, objects, and activities. Combine them with Pack 33 and other cards or your existing communication system.

WANT	Something I would like. I want it.
NEED	Something necessary or important to me. I need help.
LIKE	Enjoy or feel good about something. I like it.
HAVE	Possess or experience something. I have a book.
CAN	Be able to do something. I can read. Can you help?
NOT	Makes a message negative. Not that. I am not ready.
AGAIN	One more time. Read again.
SOME	An amount or number, without saying exactly how much.
ALL	The whole amount or everyone in a group. All the blocks.
SOMETHING	A thing not named exactly. I want something different.
ANYTHING	Any thing; no particular one. You can choose anything.
NOTHING	Not a single thing. Nothing is in the box.

Try it together - not as a test

Combine I + WANT + IT, I + LIKE + IT, or I + HAVE + SOMETHING using Packs 33 and 34. Point to cards while speaking naturally. For I + CAN + NOT, say I cannot. Accept shorter messages too.

Show some of a group and then all of it. Some does not mean exactly two. Offer real choices for anything; it does not mean the person must accept every choice. Examples use some words not included here.

Never make someone prove a need or produce a full sentence to receive help. Respect refusals and all forms of communication. These original cards are optional supports, not a complete AAC system or PECS training.
